**Disclaimer:** ICAR-NRCP has transferred the technology of *In vitro* propagation and bio-hardening of pomegranate plants to M/s. HortiFloral Biotech, Tembhurni; M/s. K.F. Bioplants, Pune and M/s. Gugle Nursery, Ahmednagar through Technology License Agreement. Since, ICAR-NRCP has no control or regulation over their routine production process, therefore, farmers are requested to procure or purchase tissue culture raised pomegranate plants from above mentioned firms after their full satisfaction. ICAR-NRCP will not be held responsible for any loss incurred by the farmers in this regard.
